Integration! Communism's Wedge In The United States

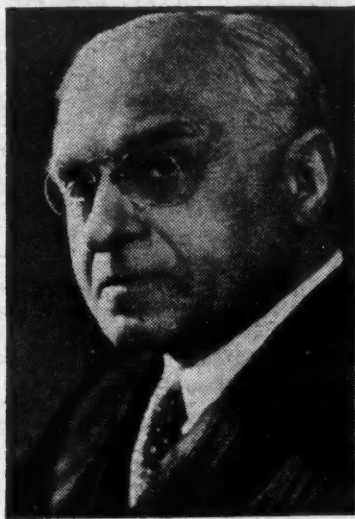

Not since the Civil War has there been so much confusion, misunderstanding, and suspicion between our people. It was set off by the Supreme Court decision on May 17, 1954 ordering the mixing of the races.

Anna Rosenberg, the Hungarian born Zionist, while Assistant Secretary of Defense had been forcing the mixing of races in the Armed Services and sent scores of Negro soldiers to Germany, the result was thousands of Negro babies left behind for the German people to take care of. Eleanor Roosevelt advocated that the U.S. adopt 5,000 of them.

Now comes the big push to force Negroes to quit their schools and crowd in with white children, and in New York City and Washington, children are forced to leave their school close by and go by bus to an integrated school.

Newspaper headlines tell of trouble in many States because of this forced mixing of the races. Over 90% of the Negroes oppose integration. Ill-will is being kindled between North and South, Black and White, Christian and Jew, Catholic and Protestant. Courts, under orders from Washington, are forcing people of the South to submit to rule by Court Injunction. Only a small percentage of our people have studied the world conspiracy so as to understand this is all a part of the Zionist plot to disorganize and take over our government. Those who have read the Protocols can see the plan being accomplished. Zionists are getting ready to spring the trap and many of us are helping them do it!

Gullible people look on this de-segregation issue as merely a White girl and a Negro boy sitting side by side in school. It goes far deeper than that!!!

Associate Justice Felix Frankfurter

An Austrian born Jew, who rules the Court with an iron fist, was the main incorporator of the Communist-front American Civil Liberties Union, a member of the legal staff of the NAACP, and placed Alger Hiss in the Government along with many more Reds.

During the past 2 years, the Supreme Court has brazenly rendered decisions in favor of communists. The Court ordered FBI files opened to communists. Good American citizens are alarmed and demanding impeachment and control by Congress.

The Zionists in N.Y. are splitting their sides laughing at the naive Christians who cannot catch on to the overall plan. Half the population in the world is under Jewish-communist rule in 16 European countries, China and the Soviet Union, because they did NOT understand until

AFTER the trap was SPRUNG!

The Supreme Court is supported by taxpayers, but it serves only the powerful Jewish minority directed by the Anti-Defamation League of B'nai B'rith. Take time to put this jig-saw puzzle together.

The following is from Drew Pearson's column of 1942:

"For today, as the Court winds up its term, second only to the President himself, Justice Frankfurter has more to do with guiding our destinies of war than anyone in Washington." He goes on to say:

"He put his own men in three key Cabinet posts; is on intimate terms with British Ambassador Lord Halifax, and Chinese Foreign Minister T.V. Soong; has an old student of his, Dean Acheson, sit at the right hand of Secretary of State Hull."

Drew Pearson continues;

"Almost no major move is made without Frankfurter's finger in it. If the President is sending a mission to India to help the British settle independence problems, Frankfurter sits in on discussions. If an investigation is to be made of Pearl Harbor, Frankfurter recommends his friend Justice Owen Roberts—who is appointed. If a Federal Judge is to be named in Massachusetts, Frankfurter recommends his old pupil Charles Wyzanski, who is appointed."

Frankfurter is an Austrian-born Jew. For years he was attorney for the NAACP, for 25 years he was the most important Director of the American Civil Liberties Union, cited as a communist-front. The Un-American Activities Committee said that 90% of those they defended were communists. These two organizations, together with the Anti-Defamation League,

United States Day Under One Flag

The United States Day Committee was formed by a group of Patriotic Citizens in the City of Tulsa, Oklahoma, in the summer of 1953. It resulted from weekly conversation by the group discussing dangerous political developments. The flood of propaganda belittling the United States and extolling internationalism through the United Nations, seemed to be the most immediate danger. The question was what could be done about it? The answer seemed to be to have a United States Day, October 23, on which emphasis could be placed on the importance of our constitutional form of government, unhampered by "control by alien ideas under a Super-government." It was felt that instead of being an instrument of peace, the United Nations was a very definite danger to our right of self government and was being used to circumvent our constitutional guarantees.

We have been overjoyed to find that the various patriotic groups and organiza-

tions put the interest of their country and its people above everything else and cooperate in all patriotic endeavors. All of them have helped in the promotion and observance of United States Day. Some of them extending the period of observance to a week so they could have their observance on their regular weekly meeting

date. Some of them working toward having their National organization pass approval of United States Day as an annual observance by their organization. And we have had the whole hearted cooperation from such groups as "The Congress of Freedom," "For America," "The American Coalition" and many others. As a result, many of the addresses made on United States Day were given by some of the most outstanding speakers of America.

So patriots let's go! Let's all help awaken the American people and save this nation of ours.

Yours for God and Country

De-Segregation

—O— (Continued from Page 1) —O—

were the most active in presenting the de-segregation argument to the Court, WHILE FRANKFURTER WAS JUSTICE ON THAT COURT! While he taught law at Harvard, his secretary was a known communist.

He was attorney for Sacco and Vanzetti, the anarchists; and Tom Mooney, the communist who bombed the San Francisco Preparedness parade; supported nine Negroes who raped two White girls in Scottsboro, Alabama; was head of Advisory Committee of the Socialist Workers Education Bureau of America. He placed hundreds of communists in the New Deal under FDR, among them Nathan Witt, Lee Pressman, Lauchlin Currie, John Abt. Alger Hiss and Dean Acheson were also his proteges. His own brother, Otto, served terms in the penitentiary, in West Virginia and Iowa. Look up his record!

Another Marxist who was a member of the Court before his death, Louis D. Brandeis, coined the slogan "Zionists, organize, organize, organize"—and they did. Brandeis was Frankfurter's uncle. When Frankfurter, while at Harvard, felt he had prepared Alger Hiss as a stooge for Jewish interests, he arranged for him to continue his training while secretary to Brandeis. Later Hiss sat at the dying Roosevelt's side at Yalta, where he turned over millions of innocent victims in Poland, Estonia, Latvia, Lithuania, East Germany and Manchuria to communism.

Sworn testimony in Washington, shows that Louis D. Brandeis, his wife and daughter Elizabeth, all solicited funds for the Commonwealth College at Mena, Ark. This college which flew the hammer and sickle flag was closed by that State as a communist institution.

How was President Woodrow Wilson forced to place Brandeis on the Supreme Court? Briefly, the highlights:—While Wilson was president of Princeton University, he became quite friendly with Prof. Peck's wife who lived next door. Later while Wilson was President, Samuel Untermyer, representing Mrs. Peck used Wilson's personal letters in a demand on Wilson. It is reported as a settlement Wilson allowed Untermyer to place a man in the next vacancy on the Supreme Court. Brandeis was appointed!

Samuel Untermyer was head of the World Jewish Economic Federation. In 1933 he attended a gathering in Europe of Jews from all over the world. The purpose of the meeting was to start a world boycott of Germany. On the day he returned from Europe he made a radio broadcast which was reported in the N.Y. Times of August 7, 1933. Untermyer stated: "Our race is starting a sacred war against Germany... for we Jews are the aristocrats of the world." Our United States put ten million of our boys in uniform before the shooting stopped. That war is not over—the Jewish communists gained control of China and 16 countries in Europe and are now working on the United States.

These same Marxist Jews were the hard core of those who steamed us up for World War II and steam-rolled everyone who was opposed. It appeared more popular than de-segregation does today. They maneuvered the churches behind the war just as today, war popularity was forced on us, lives were lost, cost 350 billions of dollars, and billions more since, built up communism, placed the USSR in a position to destroy us, and any honest person knows now that it was wrong. It did not work. Few understood who was pushing us into war and even less had the courage to denounce them.

De-segregation will go about like Prohibition—both are unworkable. Millions of misguided people incited by religious racketeers forced Prohibition on the U.S. Congressmen voting "dry" did not let that interfere with their own drinking—as today, many lawmakers in Washington support race mixing in schools but send

their own children to Virginia where the schools are still segregated. Thousands of people died from drinking bootleg whiskey, alcohol, varnish and canned heat. Arthur Brisbane, the great newspaperman, wrote that no living person would see prohibition repealed. One year later the Legislatures and Congress repealed it.

De-segregation, like Prohibition, is being forced on citizens who do not know why it is pushed at this time of critical world events. The majority of citizens do not have the time to investigate or the will to resist, hence we are having law by injunction. It all stems from Zionist influence on the Supreme Court. Much hatred will result; lives will be lost; Negro and White, who lived peacefully for years will be at each other's throats.

De-segregation won't work, but it will prove valuable to the Zionists who want Christians disorganized while they help Israel engineer a war in the Middle-East, at the conclusion of which they plan on taking several countries with two-thirds of the world's oil supply.

The Chicago Daily Tribune printed an interesting article on the front page of the May 28, 1950 issue entitled "Three Men Called A Government In Themselves, Frankfurter Rated Most Powerful." And we quote a small portion of this article:

"The names of three men who have played important roles in the United States for almost a score of years weave in and out in the curious pattern of British, American, and Soviet relations. These men

are:

Felix Frankfurter, associate Justice of the United States Supreme Court.

Henry Morgenthau Jr., former Secretary of the treasury.

Herbert H. Lehman, United States Senator and former governor of N.Y.

"FRANKFURTER MOST POWERFUL"

A person with highest State Dept. connections identified these three figures as the secret government of the United States. Frankfurter was pictured as the most powerful man in the government, reaching into the White House with his proteges.

"Lehman was pictured as a powerful Wall Street force. He is a former partner in Lehman Bros., Wall Street banking company still controlled by his family. Morgenthau was named by the State Dept. authority as the spokesman of the powerful Zionist groups.

"The names of all three figures were woven into the case of Alger Hiss, convicted perjurer-spy. All have played a role in domestic and foreign policy of their time."

The Chicago Daily Tribune of April 25, 1949 quotes Frankfurter, who replied when asked who really runs the U.S.: "The real rulers of the nation are undiscoverable."

Patriots, keep one eye on de-segregation and the other on the Middle-East where your sons may die again for "Democracy" (Jewish interests). The Invisible Government has Washington in its grip!!

Frankfurter's ACLU Approved Force To Overthrow Government!

Investigation in 1920 revealed objective;

The American Civil Liberties Union for 40 years furnished legal defense for anarchists and communists when their traitorous activities landed them in jail.

Morris Ernst, one of the New Deal's principal advisors, who was sent to London by FDR to secure the Fabian program to be adopted by the New Deal, was President of the American Civil Liberties Union for years. Felix Frankfurter and Morris Ernst organized the ACLU.

Frankfurter for 25 years was the leading force in the ACLU. Today he sits on the Supreme Court bench, also rules the State Dept. from his residence where five advisors consult with him. Now one can easily see why the recent decisions favoring communists came about.

From: "Revolutionary Radicalism. Its History, Purpose and Tactics with an exposition and discussion of the steps being taken and required to curb it. Being the Report of the Joint Legislative Committee Investigating Seditious Activities, filed on April 24, 1920, in the Senate of the State of New York. Part I—Revolutionary and Subversive Movements abroad and at home, Vol. 11, Albany, 1920.

The following is from a statement of one of the directors of the American Civil Liberties Union (in 1920) at the request of the committee:

COMMON SENSE HAS BEEN INFORMED THAT FRANKFURTER WAS THE DIRECTOR WHO MADE THIS STATEMENT.

"Efforts are undertaken to secure the release of persons in prison for offenses involving solely the expression of opinion in speech or print.

"Expression of opinion, as we define it, includes any language unaccompanied by an overt act—that is, an act which in itself is a violation of the criminal law.

"Language that is part of an overt act or criminal act is part of the issue of free speech; but the language unaccompanied by such an act, even if the logical consequences of it lead others to the commission of the act, is legitimately within our conception of free speech. For instance, the advocacy of murder, unaccompanied by any act, is within the legitimate scope of free speech.

"There are some of our Committee who dissent from this view which I have expressed here, believing that the line should be drawn at a point this side of the view of extreme free speech advocates. The view I have set forth, however, is I believe, the view of those who believe in free speech without reservations, as do the great majority of our Committee. I would say in behalf of the entire Committee that all of them believe in the right of persons to advocate 'the overthrow of the government by force and violence.'

How Naive Can One Be?

As to Chief Justice: before Felix Frankfurter had selected him for the Supreme Court, Warren had never had a day's experience as a Judge not even as a police Judge!

Some researchers think they have read the Talmud when they receive a book sold by Jews for Christians to read. The Talmud consisted of 62 books, lately in 35 larger books. To learn how filthy, anti-Christian the Talmud really is, order "Facts are Facts" by a former Jew (price \$1.00) or Plot Against Christianity by Elizabeth Dilling, Part I Commentary (\$1.25) Part II, Photostats (\$1.25).

Warren Studies Talmudic Law Here

Chief Justice Earl Warren with Dr. Louis Finkelstein, chancellor, on arrival at Jewish Theological Seminary.

There appeared on the front page of the N.Y. Times 9/14/57 an article describing the study of the Talmud in N.Y. City by Earl Warren. "Chief Justice Earl Warren enrolled yesterday for a short course of instruction in judicial processes more than 2,000 years old." The article continues: "The head of the nations highest tribunal sat down with scholars of the Jewish Theological Seminary of America for three days of discussions of Jewish law and its relevance to contemporary legal problems." The article explains Rabbi Finkelstein's closeness to the Supreme Court Judge. "Dr. Finkelstein, chancellor of the Seminary at Broadway & 122nd St., said he had long been acquainted with Mr. Warren. He disclosed that the Chief Justice had expressed a desire to learn something of Jewish legal tradition with its guiding emphasis on moral law."

The Rabbi thinks the Talmud is divine. "It is unusual in any country for a Chief Justice to sit down with a group of scholars," he said. "We desire to express our respect and reverence for him as a person, and for the legal system at the head of which he stands, by sharing with him our most treasured possession—the Talmud and its teaching."

The article continues, "Mr. Warren will participate this afternoon and tomorrow in discussions of the Talmud, containing the code of Jewish ecclesiastical law, called the Mishnah, and its interpretation." They

imply that late Supreme Court decisions are like the Talmud. "The interpretation is analogous to a Supreme Court decision expounding the merits of a case, rabbinical reasoning and its conclusions." Here comes the Fifth Amendment, "At last night's session following a dinner, Dean Saul Lieberman of the Seminary's rabbinical school discussed aspects of the Mishnah dealing with the law and court procedures. It included the Jewish legal view of self-incrimination, involved in the Fifth Amendment that has posed a vexing question in American constitutional law."

Did someone say they talked about race mixing? "Dr. Finkelstein said that the subject of racial segregation would not be mentioned at the Seminary talks. This would be in deference to judicial tradition against public discussion by a Supreme Court Justice of any case of which the Court was involved. Mr. Warren wrote the majority opinion outlawing segregation in public schools."

And that these freedoms and standard of living have resulted from our form of government.

Ours is a government, which, under the Constitution and Bill of Rights, protects the individual and the States, and assures the independence and sovereignty of the nation.

It is an obligation of every loyal citizen to protect this heritage and pass it on to future generations.

SECOND: To awaken the American people to the fact that we are in grave danger of losing our freedoms and national sovereignty by the usurpation of individual and states rights by the federal government and surrender of national sovereignty to internationalism.

As shocking as it may sound, we have already lost much that our forefathers fought and died to attain. By an arrogant usurpation of power, without the consent of the people or the Congress, the federal courts have changed the meaning of the Constitution. They have restricted the rights of individuals and of the states contrary to all previous decisions of the courts. Likewise by the encroachments of the federal government, many of the freedoms and prerogatives of the States have been lost.

And because of Executive agreements and treaties, many of them secret, our nation has already lost many of its

sovereign rights. And if present trends are not checked by loyal American citizens, the Internationalists will soon make of the United States a second rate nation—or worse still, surrender its sovereignty to the United Nations or some other World Organization dominated by our enemies.

A FEW ILLUSTRATIONS OF FREEDOMS LOST

1. The United States has lost the right to win a war. We furnished 90% of all the allied men fighting in the Korean war, yet the United Nations refused us the victory. For the first time in history, we not only lost a war, we lost face with the peoples of the world.

2. The federal government has usurped the right to tax our people to support citizens to serve in foreign armies—even under the direction of our enemies. The federal government not only taxes us to carry on the legitimate costs of our own government, but through taxation forces us to contribute to a world-wide "give away program." Millions of us feel that much of this so-called "foreign aid" is not helpful to either the peoples or the governments to which it is given. Yet we are forced to contribute to it.

3. Every citizen, including the farmer, has lost the right to direct his own business affairs. Behold the farmer who planted six acres more of grain than the government told him to. He is being punished even though he fed it all to stock on his own farm. No longer is "a man's home his castle" or the soil he has earned by the sweat of his brow is really his own!

The above illustrations are only a few of the many that could be given to show how the individual, the state and the nation are losing their constitutional rights, either to the federal government or to internationalism. And these are not mere statements. Every one of them, and more, can be proven by the facts in the case.

FLY THE UNITED STATES FLAG AND NO OTHER

We recognize the tremendous propaganda machine that is attacking our way of life and meet it head on.

First we must face the fact that the internationalists in the Godless, alien-controlled United Nations, and through UNESCO, together with those in government positions, aided by the tax-free endowed funds of foundations, have an almost unlimited amount of money at their disposal for propaganda purposes and that they are making good use of it to brainwash the American people against the ideals that have made the United States great and in favor of socialist and international ideas.

They have entered every educational agency, the press, radio, television, schools, colleges, women's clubs, civic organizations, and even the churches. Their propaganda is literally flooding every avenue to the mind of man, woman, and child. And the only possible chance to offset the erroneous information they are proclaiming, is meet them on every field of battle, and give the people the truth. Truth will win the battle for the minds of people. But it will take the cooperative efforts of all patriotic persons.

We have to be prepared for unfair attacks. This has been the method used by those opposing all patriots and patriotic groups. They use a smear campaign against all who put the interests of the United States above every other nation. They call such persons or groups, Extreme Rightists, Super Patriots, or even Hate Groups.

WHAT CAN YOU DO?

We favor friendly relations and cooperation with all peaceful nations, but we believe, any change in our Constitution should be reserved to the people of the United States alone. Our central purpose, therefore, is to preserve intact the sovereignty of the United States as an independent nation under the Constitution

Patriots who write to the President wonder what effect their letters have and what becomes of them. Here is the answer. A Minister is annoyed to receive an answer from Maxwell Rabb whose real name is Rabbinowitz. This Zionist Jew from Boston, was placed in the White House by the Invisible Government to watch contacts with the President. Rabb is also Secretary to the Cabinet and handles all communications between the White House and Congress. Think this over.

David Niles, another Boston Jew, held these key spots during the Roosevelt and Truman regimes.

A patriotic organization worked hard to secure 50,000 signed cards asking President Truman to protest to Tito because of brutal treatment of Archbishop Stepinac; a committee arrived at the White House and was forced to deliver the cards to David Niles who also was placed there by the Invisible Government to see that the United States co-operated with Marxists such as Tito.

Had one Rabbi been in prison, the White House would have been put in a panic and Congress would have been called upon to declare war if necessary to release the Rabbi.

But persecution and prison to Christians is different. Hence, if you have in mind to write the President about anything not favorable to the American Jewish Committee, save your postage and time. Use the effort to help correctly inform youth in schools and colleges.
